

Calendar XEOS® 2009

The **2009 XEOS® calendar** has arrived. If you have not received your copy yet, please send us an email at info@xeosimaging.com and we will send you one.

New!

In 2009, XEOS Imaging is innovating by offering an **electronic version of the 2009 XEOS® calendar**. Each month of the year is formatted to be used as a background on your desktop at one of the following resolution:

- **1024 x 768**
- **1280 x 1024**
- **600 x 1200**

Please send us an email at info@xeosimaging.com to get your version.

Stereo Pairs

The XEOS Imaging stereo pairs offers the following advantages:

- Rectified single images that can be visualized in stereoscopic mode directly from your desktop;
- Digital “ready-to-view” stereo-images in 3D (x, y and z);
- Compatible with standard photogrammetric softwares (DVP, Purview, etc, ...)

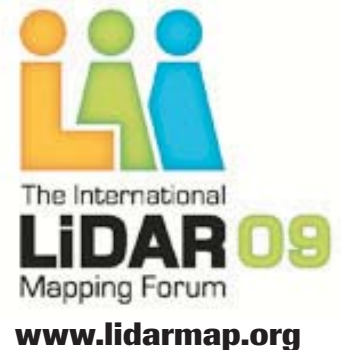

Do not hesitate to contact us for more information.

LIDAR Mapping 2009

XEOS Imaging will be visiting the **LIDAR Mapping Forum 2009**. It will be held at the **Astor Crown Plaza Hôtel in New Orleans, Louisiana, on January 26-28 2009**.

Are you planning to be a part of the conference ?

Please contact us to schedule an appointment.

Office closed for the Holidays

XEOS Imaging will be closed from **noon Friday, December 19th 2008** until **January 4th 2009**.

For **emergency**, you can reach us at **418-953-8951**.

We offer you our best wishes.

Happy Holidays!
