

XEOS® Webinar

30% cost reduction on new aerial photography projects

We will present a real life project where XEOS® technology eliminated the need for costly Ground Control Points deployment and still delivered high quality digital ortho mosaic.

Targeted Audience:

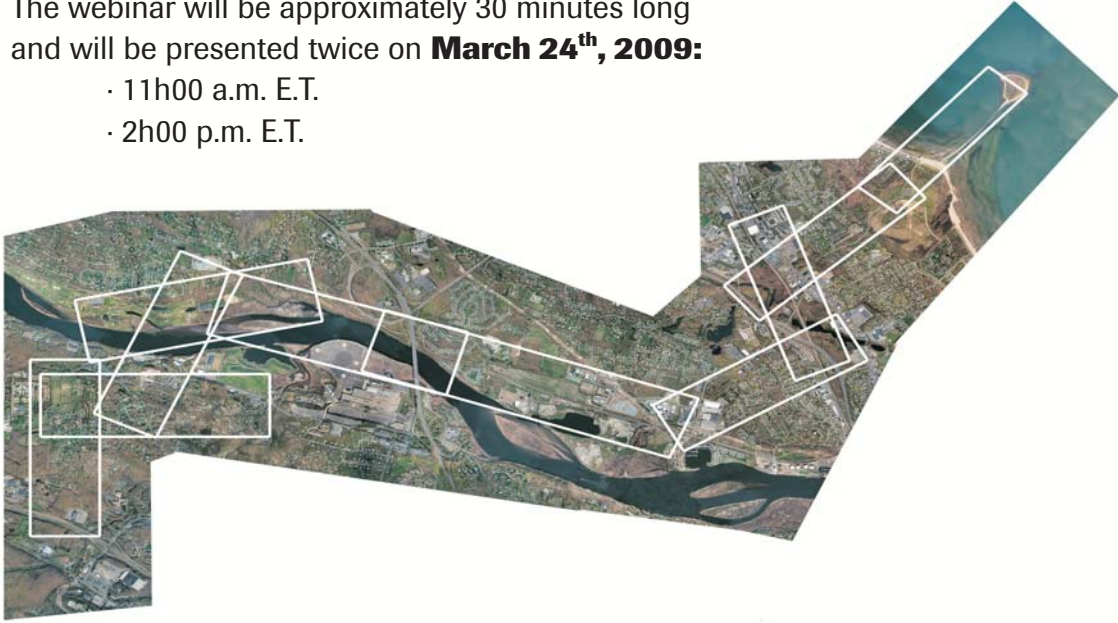

Project Managers (new construction or maintenance) in:

- Pipeline
- Power Transmission Line
- Roads
- Rail

Time:

The webinar will be approximately 30 minutes long and will be presented twice on **March 24th, 2009:**

- 11h00 a.m. E.T.
- 2h00 p.m. E.T.

How to register:

Please go to our web site www.xeosimaging.co or just contact us at info@xeosimaging.com or at (418) 780-2055 ext.276.

ESRI PUG Conference
