## An Important Asset for XEOS Imaging

Dr. Zhijun Wang Ph.D. joined the XEOS Imaging team several months ago. Holder of a Ph.D. in photogrammetry and remote sensing from Wuhan University in China, Dr. Wang is an important asset to the company. In addition to knowledge acquired in his research, Dr. Wang brings priceless experience that he acquired around the world, in Europe, Asia and America.

Dr. Wang, surrounded by an experienced team, is helping advance the XEOS technology quickly and efficiently. His accomplishments is allowing XEOS to stand out from the rest by equipping itself with ultra-performing production tools that are specially adapted to the needs of our clients.

XEOS Imaging appreciates Dr. Wang's leadership in the projects that were carried out. Among other accomplishments, the XEOS stereophotogrammetric models are now compatible with commercial software like DVP and PurVIEW.
