

## Geomatics Atlantic 2008

XEOS Imaging will participate to the first edition of the **Geomatics Atlantic 2008** Conference. This event will be held on **November 19-20 2008** at the **Trade and Convention Center, Saint-John, New Brunswick.**

XEOS gives you  
the chance to win  
an  
iPod®

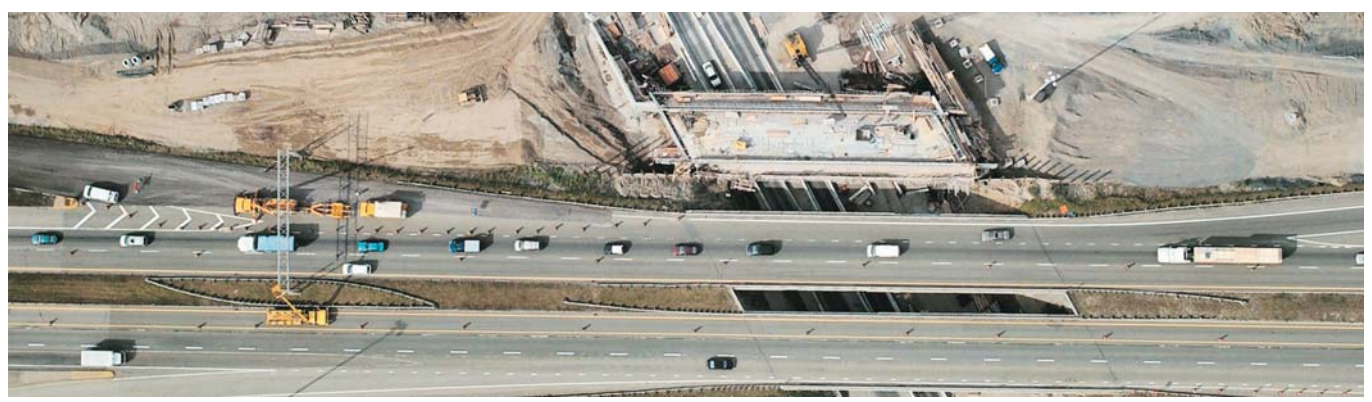

XEOS Imaging will present its aerial solutions.  
Come meet the team and discuss your projects at **booth #9** on:  
**Wednesday, November 19<sup>th</sup>, from 8.30 am to 7 pm**  
**Thursday, November 20<sup>th</sup>, from 8.30 am to 3 pm**

## Singles Images and Ortho Mosaics

For each aerial imagery project, XEOS Imaging offers the flexibility to choose between two options:

### XEOS® Singles Images:

- Provide a very detailed view of the project area (without measurement capabilities);
- Compatible with all commercial GIS.

### XEOS® Ortho Mosaics:

- One continuous image mosaic created from the single images;
- Uniform and at scale, allowing accurate length and area measurements;
- Can be used as background map or engineering plan with commercial GIS and CAD tools.

Do not hesitate to contact us for more information.
