

XEOS XPRESS

NEWSLETTER OCTOBER 2007

To all our clients and partners,

We are delighted to be sending you our very first XEOSXPRESS newsletter of the 2007-2008 season. Since this newsletter is intended for you and designed to help you learn more about our discipline, we hope you will e-mail or phone us with any questions or comments. You will find the address and phone number at the bottom of this page.

Enjoy your reading !

A brand new Web site !

We are proud to announce that XEOS Launched its brand new Web site. Come and see it at www.xeosimaging.com. XEOS wanted to build a Web site friendlier and more informative : mission accomplished!

Here is a list of improvements of our Web site :

- More information on our products and services
- A whole new products section
- A whole new markets section
- A convenient tab for subscribing to XEOSEXPRESS
- Revamped News and Events sections
- Partners directory

Please don't hesitate to contact us with your comments.

A new headquarter for XEOS Imaging !

After its start with GENIVAR Quebec, XEOS Imagerie has risen to new heights. It is now established in its new quarters in the heart of the Quebec Metro High Tech Park, at the following location :

**2750 Einstein, suite 200
Quebec City (QC) G1P 4R1
Canada**

Constantly evolving and taking on new projects, XEOS has doubled its office space and acquired new equipment to reach new levels of performance.

In addition, working with its offices in Houston and Puerto Rico, XEOS is steadily strengthening its position in North America.

Highlights from our next edition :

XEOS imaging : success with pipelines.

XEOS Imaging's Houston, Texas office
